RE: 2026 TREE WASTE REDUCTION PROGRAM

Mayor Estok is pleased to announce that the City of Knox Street Department has begun a Tree Waste Reduction Program. This program will reduce the amount of useable firewood that is being disposed of in the City's compost pile. The usable firewood that is picked up throughout the City of Knox will be set aside for residents, rather than disposed of with compost.

If residents are interested in obtaining this firewood, they should contact Street Superintendent, Jason Cornelius at 574-772-3825 or by email at knoxmvh@cityofknox.net.
